Afternoon 1.00—3.00pm
Online Live Webinar

We will share our updated EAL descriptors which have been aligned to the DfE guidance. These will enable schools to successfully level the pupils proficiency in English and help set targets to improve language and literacy skills.

Participants will have the opportunity to work with an updated EAL framework to reflect the recent changes in Assessment. We will consider how we can use the information gained to set targets and plan effectively.

There will also be a focus on the distinction between EAL and SEN needs, as well as recognising early Gifted & Talented indicators.

This course is suitable for all staff working from KS1-KS4.
